				W Elyard for the CS Colonial Treasury C D Riddell	1853 11 16 1853 11 17	Blank Cover – to be returned Memo 18 July last £1221-12-6 placed to credit of Mr Walker Bank of Australasia to pay salaries of Native Police Corps from 1 July to 30 September 1853; owing to oversight in this Office, he was not notified – on 13 August following another sum £1295-4-6 paid to his credit at Bank for same purposes & same period under Warrant No 152 dated 9 <sup>th</sup> August 1853 – 2 Warrants prepared & paid in this case - suggests latter payment be retained by Mr Walker to meet salaries of Corps to end of present year – no need to prepare another Warrant Returned Colonial Secretary's Office		
				"E D T"	1853 11 18~ 1853 11 18 1853 11 19~	Auditor General to report – to be returned – "Immediate" Noted		
				Henry Lane, acting for the Auditor General	1853 11 21	Stamp: AUDIT OFFICE-NEW SOUTH WALES / No 817-NO*21 Second advance £1295-4-6 <u>inadvertently</u> made to Commandant 13 August for September Quarter, having placed at his disposal sufficient funds for payment of Corps to end of year, Advance which would have been due to Mr Walker on 1 <sup>st</sup> October for the <u>December</u> Quarter, has <u>not</u> been made – this course in accordance with that suggested by Colonial Treasurer Returned Colonial Secretary's Office		
				"C A F"	1853 11 21~ 1853 11 21~ 1853 11 22~ 1853 12 12	No explanation given of extraordinary inadvertence of double payment of £1295-4-6 Some explanation appears necessary Auditor General [Ref 54/02723]		
	53/07839	1853 09 07	Hon CS	Traylan Frederick Walker, Commandant Native Police	1853 08 19	At top: "Commandant Native Police" Paras 1-2: Letter complaining of delay in paying to his credit sum usually advanced for the Quarter – mentions CS Circular of 20 May, received 12 <sup>th</sup> July Para 3: Keeps different Stations supplied 6 months in advance – difficulty getting goods conveyed from Sydney – Settlers supplying Police with rations require prompt payment, has to pay 8% for supplies from Sydney, serious deduction from men's ration allowance Para 4: Advance should have been made 1 <sup>st</sup> week in July – Abstracts will shortly reach Sydney accounting for advance which has not been made Para 5: Discusses delay: in consequence, settlers will demand "exorbitant rates" for rations supplied & Notes in margin Referred for report of Auditor General – to be returned – "Immediate" Noted Stamp: AUDIT OFFICE-NEW SOUTH WALES / 702-SR*10 [blurred] Usual Advance Warrant for present Quarter prepared 14 <sup>th</sup> July, amount appears from Treasurer's Cash Book to have been paid 18 <sup>th</sup> July Returned Colonial Secretary's Office Under this appears Commandant's complaint premature, unless as he states advance should have been made first week of July Commandant [Ref 53/09763]	A2.29	009 – 012
				"E D T"	1853 09 09 1853 09 09~

				[G Barney]	1852 11 05~  1852 11 08  1852 09 24~	22 <sup>nd</sup> September 1852 No 52/1490): does not think public interest would be damaged by allowing him to purchase – land unlikely, except for MacAdam’s improvements, to fetch more than upset price if offered for public competition “Poor old man” has been unfortunate in losing so many of his family since coming to Maryborough & from his obliging disposition & general good conduct has met with universal sympathy. [No 52/60] Also at top: “52-3496 – 3 November 1852” & Notes in margin 52-757 May be no objection to allowing Chief Constable to remain in occupation of premises under Commissioner’s report but think he should not be allowed to purchase without competition, without injustice to other parties in similar positions to whom privilege has been denied – if allowed to remain applicant would be subjected to increased competition on house being put up to auction as eventually it must be – suggests he be permitted to remain for limited period with permission to remove his improvements [difficult to read] Colonial Secretary  Note re above 52/07579 – W McAdams [as it is] Chief Constable Wide Bay – praying to be allowed to purchase allotment on which he has created improvements – Sent to Chief Commissioner 17 September		130
	52/07922	1852 09 24	Hon CS	Crown Lands Office, Sydney George Barney, Chief Commissioner of Crown Lands	1852 09 22    1852 09 29~	At top: “Chief Commissioner of Crown Lands” Letter re William McAdam’s petition seeking to be allowed to purchase land on which he has made improvements: has referred it to Commissioner Bidwell [as it is – see also Bidwill] for his report, requesting him not to remove McAdam until further instructions [No 52/342] & Notes in margin 52/07579 M F Nothing further appears necessary - “Put by” See 52/09445 – “A O M”	A2.29	131
	52/09162	1852 10 29	Hon CS	Crown Lands Office, Sydney George Barney, Chief Commissioner of Crown Lands    “C A F”	1852 10 25    1852 10 29~ 1852 11 12~  1852 11 13~ 1852 11 20	At top: “Chief Commissioner of Crown Lands” Letter re petition from Edgar Thomas Aldridge praying that value of his improvements on land at Maryborough be added to upset price (ref CS letter 17 March last): transmits for consideration report from Commissioner Bidwell on the subject – appears nothing in Mr Aldridge’s case to require special consideration, situation no worse than other parties who have improved land without authority [No 52/386] Para 2: Assumes no objection to Mr Aldridge being allowed to remove his improvements within limited time & therefore recommends this course be adopted & Notes in margin 52/2744 M F See no objection – permission to remove his improvements should be for limited time <u>after</u> the sale Approved Mr Aldridge, Chief Commissioner of Crown Lands, Deputy Surveyor	A2.29	132 – 134

	54/05212		Capt Wickham RN, Police Magistrate, Brisbane	Ipswich, Moreton Bay Philip D Vigors, Surveyor of the Moreton Bay Road	1854 06 10 1854 06 20~  1854 05 23	Letter reporting on present state of road, or Dray track, between South Brisbane & the Gap leading to Drayton, about 90 miles, offering suggestions for adoption. <i>[see duplicate copy p 429-434; easier to read but</i>		413 – 420

SRNSW REF NO	CS REF NO	DATE RECD	TO	FROM	DATE OF DOCUMENT	CONTENTS	QSL REEL	PAGE
						<p><i>differs from original in parts]</i></p> <p>Para 2: At present 2 lines of road (the "old" &amp; the "new") between Brisbane &amp; Woogaroo Creek about 14 miles, thence to Ipswich (about 10 miles) there is one line of road</p> <p>Para 3: "New Line" shorter than old track, can be shortened &amp; improved</p> <p>Para 4: Few miles out of Brisbane, passes through private property – same remark applies to other places on the road - road in these parts would have to be altered</p> <p>Para 5: Road near Woogaroo Creek &amp; position for a bridge over that creek should be altered from where it is now, hopes to mark out much better line between Woogaroo Creek &amp; Ipswich, to avoid the Ironbark ranges, over a succession of which the present road goes</p> <p>Para 6: In neighbourhood of Ipswich, so much property has been sold that the road is found in - makes power of altering its direction nearly impossible</p> <p>Para 7: Between Ipswich &amp; "Owens Inn" – about 17 miles – road after passing through "Little Ipswich" crosses River Bremer by a long causeway lately made on bed of River – Bremer is again crossed about 2 miles further on &amp; about 4 miles further road again crosses this river</p> <p>At the 2<sup>nd</sup> or "3 Mile crossing place" is a bridge, but bridges would need to be built at both the other crossings if this line is adhered to</p> <p>Para 8: From "7 mile crossing place" to "Owens Inn" greater part of road is through flat country with deep black soil – impassable for Drays in wet weather, no means of rendering it a good road save by constructing wooden tramway – this flat continues for some miles past "Owens Inn" to near "Duyieres" [as it is – Duyiers? Dwyers?] (or Bigges Camp), about a mile past which is worst obstacle in road – this is the "Little Liverpool Range", serious obstacle to drays, sandstone range of hills, steep &amp; much broken – after descending "Little Liverpool" to westward, "Laidley Creek" crossed by bridge in bed of Creek - from thence to "Gatton", road passes over a number of low sandy hills, road much the same character from Gatton to foot of the "Main Range"</p> <p>One or two creeks have to be crossed, worst is "Lockyer's Creek" at Gatton, to be avoided if possible, also 1 or 2 very steep hills between "Grantham" &amp; foot of the Main Range</p> <p>Para 9: "Main Range" over which 4 different lines of road have been attempted was once the most formidable obstacle to traffic on the road, lately rendered comparatively of no importance by opening of "New Cut" which has been planned &amp; if work carried out properly will reflect credit on those concerned in it, will afford road on which traffic can be carried with ease &amp; safety at all seasons – works must extend further than at present especially towards foot of Range</p> <p>Para 10: From Summit of Range to Drayton (about 6 miles) nothing required except timber in road to be cleared away</p> <p>Para 11: Spoken generally of existing track, no survey on record of it except that part between Brisbane &amp; Woogaroo Creek, &amp; between "Owens Inn" and "Gatton"; in fact road is that originally discovered by bullock drivers &amp; others - no care taken to ascertain whether present track the best for a permanent thoroughfare as one of the Great Leading Roads of the Colony</p> <p>Para 12: Made extensive enquiries re feasibility of avoiding "Little Liverpool Range" – convinced possible to do so &amp; to construct better line of road than that existing</p> <p>Para 13: Present road from Ipswich to Gatton makes great circle to left, "Owens Inn" standing in the centre of curve, the Chord, a straight line nearly east &amp; west from Gatton to Ipswich would be about 8 miles shorter</p>

	54/05349	1854 06 19	Hon CS	Geological and Mineralogical Survey Camp, Pine River S Stutchbury	1854 05 20	At top: "13 <sup>th</sup> Report" Letter transmitting 13 <sup>th</sup> report upon Geological and Mineralogical Survey of the Colony of New South Wales accompanied by maps and sections especially illustrating coal fields in the neighbourhood of Ipswich and Brisbane & Note in margin: Laid before Council	A2.29	485 – 486
				Geological and Mineralogical Survey Camp, Pine River S Stutchbury	1854 05 20	Report [geographical & geological features, keywords, etc]: <b>p 487:</b> In last report stated unable to visit Northern Islands of Moreton Bay – since then again visited Bay & stopped at "Stone Quarries" in Parish of Bulimba about 8 miles down Brisbane River on south side <b>p 488:</b> had before observed coal in banks upon land belonging to Charles Coxen – coal presents weathered surface, nearly 10 feet thick – description, details re strike, dip & angle – small gully running eastward, bands of loose shale, dip towards river, 20 feet above high water, great advantage <b>p 489:</b> regards its shipment, slope of sandstone below, formation of wharves, position near Moreton Bay, value of land in neighbourhood compared with that 30 miles up River where coal is worked slightly; crossing Bar of River which is of sandstone, kept to western shore rounding Luggage Point "Unjacke" *footnote [bottom of pages 489-492]: further evidence here of rising of land as mentioned in last report from observations at Peel Island – found remains of skeleton of large whale whole upon beach, describes situation – sufficient evidence to establish land has been elevated within a very recent geological period <b>p 490:</b> at this point, conglomerate similar to that at Dunwich on Stradbroke Island, no doubt coal would be found by sinking to moderate depth – continuing along west coast, nothing but sandstone, rocky reefs composed of hard ferruginous conglomerates such as Ningerycum, Red Cliff, Cootarumba, & other reef running into Bay as far as Toorbul Point <b>p 491:</b> entered inner channel dividing Bribie's Island [see also Bribie Island] from mainland of Ningy Ningy* *- 8 miles up channel water shallows,		487 - 535

						<p>shaft – injudicious to commence coal work by means of “day level” in the coal itself, especially in case here, for following reasons: disintegrated state of strata &amp; coal by action of atmosphere, difficult to support entrance</p> <p><b>p 501:</b> <u>coal not saleable</u> until they have gone considerable distance in – <u>mine likely to be flooded</u>, discusses – Mr Williams driving for new work on deep side of the former</p> <p><b>p 502:</b> better &amp; more economic system, mode adopted in working coal in this district, neither “pillar &amp; stall” nor “broadwall”, merely dragging coat out without regard to established rule, drawbacks, credit to Mr Williams as first adventurer in this important branch of business</p> <p><b>p 503:</b> regrets his want of knowledge, difficulty to get competent overseer &amp; workmen – profits much less than ought to have been, loss of much valuable fuel – appended plan of Moggil Coal Works showing rude manner in which works carried on – coal extending deep ways beyond Mr Williams land belongs to Crown, can only be worked by pits aided by efficient machinery, same with regard to working of coal on opposite side</p> <p><b>p 504:</b> of River – in creek 1 mile south west from Williams, 4 seams of coal 6 inches to 2 feet &amp; 4 feet 6 inches thick, strike of latter, dip, angle – at Prior’s Creek nearly opposite to Woogaroo Creek, sandstone &amp; coal, exhibits singular “turn over” - see Diagram No 3 – strata dip, angle – 1 mile south west from Prior’s Creek, coal crops out in face</p> <p><b>p 505:</b> of north bank of Brisbane River, dip, angle – one of few exceptions in favour of “day level” working – fine bank &amp; easy access to river – main coal 10 or more feet thick, 60 feet above rivers edge – see Diagram No 2 – short distance from Prior’s Pocket, slate rocks near river, extending west crossing Ugly Creek &amp; Brisbane River near Compassenby, upheaved by belt of trap rock, north side of the Brisbane,</p> <p><b>p 506:</b> south side of River, amidst slate, large mound of trap which has converted slates into jasper, cause of dislocations in precipitous sandstone &amp; conglomerate cliffs of south side of River Brisbane between Compassenby &amp; junction of Bremer, in bight of River Brisbane near Compassenby coal exhibits in river bank 12 feet thick – crossing table land separating Brisbane from Bremer, followed tributary of Bremer River</p> <p><b>p 508 [no p 507]:</b> to near R J Smith’s boiling down establishment, sandstone &amp; conglomerate, unquestionably valuable mining ground [Margin: Henry/ Carey?] – in second Creek west of Mr Smith’s establishment, between 3-400 yards north of where Ipswich road crosses the Creek, thick seam of coal, bearing, dip, angle measurements, several bands of iron ore technically known in Wales &amp; Staffordshire as “blue pins”, coal &amp; seams of iron ore accompanied by good fire clay</p> <p><b>p 508 again:</b> valuable for furnace work, see Diagram No 4: 20ft coarse sandstone – 1ft shales – 2ft coal – 16ft fire clay &amp; shales - 6 inches argillaceous iron ore “blue pins” – 6ft shales – 9 inches argillaceous iron ore - 3 inches fire clay – 2ft shales – 3 inches iron ore not worth working – shales unknown - Proceeding up right bank of Bremer, first coal</p> <p><b>p 509:</b> on allotments lately sold &amp; now known by the name “coal allotments”, many scratchings made (cannot call them workings) in bank for coal, deserted, abundance of good coal, requires bringing out – Mr Pettigrew engaged in sinking pit on one allotment – these allotments amount to 275 acres – is coal upon the whole of the alienated lands on both sides of the river, tracing forwarded to him</p> <p><b>p 510-512:</b> by Surveyor General’s Office – observed on tracing a wharf reserve – crossed the small creek – found remains of old coal work – coal 11 feet thick, divided by few thin seams of fire clay, bearing or strike, dip,</p>

				M C O'Connell JP Police Magistrate		John O'Connell versus Francis Peter MacCabe, Surveyor <u>Masters &amp; Servants Act</u> [document faint & difficult to read] Information having been read in presence of Defendant, resists claim on plea that loss arose from Complainant's own negligence John O'Connell being sworn in: On 3 <sup>rd</sup> March last in service of Mr MacCabe – sent with note to Mr Murray to bring back horses which had been neglected to be put in stockyard the night before – made every endeavour to find horses, mentions Mr Arthur – on road to Mr Murray found horses & attempted to drive them into Camp without success – in doing so fell badly On return to Camp found aborigines had attacked, rifled his tent & carried away property as noted: [values are noted here] 1 Top Coat; Blankets, sheeting & bedding; 1 Callin? 2 Pairs Trousers [as it is]; Damage to Larriets [as it is – Lariats?] <b>[p 725]</b> Brought over: £3-18-0 3 shirts; 5 pairs socks; 1 canvas bag; 3 inside waistcoats; 2 pairs drawers? [Total] £5-0-0 On discharge presented account to Mr MacCabe - had made mistake in addition, Mr MacCabe refused to entertain this claim – part of property mentioned here was returned by Native Police – Coat found covered with blood - did not bring it Had been in Bush little more than fortnight when above-mentioned occurred, first time employed in Bush, generally lived in town <u>Cross examined by Defendant</u> Re his work with horses – had other employment when in charge of them, viz looking after the well – told when at windlass not to let horses out of sight – 2 <sup>nd</sup> March had no other work but to look after horses <b>[p 726]</b> horses had habit of watering at well Few days prior to 3 <sup>rd</sup> March, went into Bush to look for horses he had lost sight of – will not swear that on return “you” told me you would look over this offence – day he was lost in bush brought horses home at night on foot <u>Mr Charles Arthur</u> duly sworn states as follows: On morning of 3 <sup>rd</sup> March went to Complainant's tent after Sherrick? wounded by natives – Mr MacCabe had revolver rifle in hand, took guns from tent – Blacks were plundering tents when Mr MacCabe fired shot 4 men available with <u>20</u> stand of arms loaded, 150-170 yards from tent, Asked Mr MacCabe to let him go to the tent which he refused – think he reasoned Blacks taking things from tent would keep them occupied until Police came up <b>[p 727]</b> <u>Cross examined by Defendant</u> First time saw blacks they were on opposite side of river & opposite your tent – supposed they were going up river –“you were writing letters” & did not go out when told of blacks, supposed in a hurry with letter Police expected at Camp that morning – copying letter into letter book when Sherrick wounded – further details of their movements, mentions Groves, wounded man asked for spear to be pulled out, use of the firearms & swords with view to scaring blacks & alerting the Police – refers to rule made that guns not be fired before sunrise or after sunset <b>[p 728]</b> Reason for rule was if Police heard firing they might come up – further details about movements around the Camp, remark that Mr Hayes wool was more valuable than our lives – does not say who made the remark, mentions James Berry watching the bank On 2 <sup>nd</sup> March informant was employed looking after horses – discusses –		[729] [pages not numbered]

## NOTES

~ Have used this symbol throughout when I have “assumed” details which have not been provided – e.g. “Hon CS” has been omitted on document  
See also “Dates”

## CS REF NUMBERS

For **SORTING** purposes, I have entered CS Reference Numbers to five places 00001 - 10000

For **FINDING** purposes I have inserted 0s in the Contents where CS ref Numbers have been cited

## DATES

Format used throughout is **YEAR MONTH DAY** – one space between

~ Used to indicate dates which are incomplete on document, usually in Notes e.g 31 Mar - assumption made as to year

## PAGE NUMBERS

For **SORTING** purposes I have entered all page numbers to 3 places
