

COVID-19 update

The health and safety of staff and clients is our top priority

Tuesday 29 September 2020

AGILE WEEK – GREEN TEAM

[Staff updates page](#) | [Health and Wellbeing Team initiatives](#)

Programming plan progress

Have a read of our recently approved [COVID-Safe Programming Plan](#), to be read in conjunction with our [COVID-Safe Site Plan](#) and [COVID-Safe Events Plan](#). This document details the principles underpinning our approach to public programming going forward, as well as considerations and plans for each space.

More information will be shared in the coming weeks about our upcoming onsite activities. Risk assessments are being completed for each space.

Libraries in 2020: lockdown and beyond

We've recently been collating the feedback and experiences of our colleagues in local government from this year. Much like us, they've had to adapt and change their library services in the face of COVID-19, with some public libraries introducing things like online membership, digital programs, home delivery and virtual outreach activities.

There is no doubt that it has been a challenging year. But there is comfort knowing we are not alone, and exciting to think of the innovative solutions we are all finding to continue providing excellent library services to Queenslanders. Thank you everyone for your continued hard work and creative thinking.

Vicki
