## The Corner Makes: Fold your own books

1. Fold the paper in half the long way.

2. Open the paper and fold it in half the short way

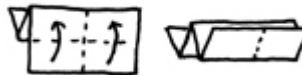

3. Take one layer of paper, flip the edge back to meet the fold, and crease.

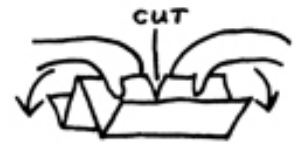

4. Turn the paper over; flip the edge of the paper

back to meet the fold, and crease.

5. Place the paper on the table so that you see a **W** for **World** when you look at the end and then cut through the middle.

6. With your wrists above your fingers, hold the two halves of the **W** from the top.

7. Turn your wrists to the sides. You will have an open book with four sections.

9. Bring three of the sections together. Fold the last section on top

of the other three so that you have a flat book.
